

## Storage - Our Warehouse and Facilities

When your new home is not quite ready, and moving in right away is just not possible, Town and Country Movers can help. You will find our clean and orderly warehouse the wisest choice for your storage needs. We offer temporary, affordable storage, allowing you more time to find that perfect home, or long-term storage for those items you just can't part with. We can even offer you space for those little clutter items your real estate agent suggests you move before showing your house.

Whether big or small, each item gets professional care. Town and Country Moving and Storage takes special precautions to guard your fragile and high value items against damage. Larger pieces, such as sofas and rugs, are protected individually with plastic stretch seal, and stored in specially designed racks, away from traffic and dust. Our efficient and thorough inventory system makes it possible for you to access your items at will, with a minimum of expense.

Store with us and you will always know that your goods and belongings are safe, secure, and well cared for.
